

Sponsor the Santee Blind Fishing Event

Recreation • Education • Conservation

April 26—27, 2024
Lake Marion, SC

Join Us In Supporting the Blind and Promoting Environmental Conservation

For many of the blind and visually impaired persons attending this event, social isolation is a daily struggle. This program gives them a chance to be a part of a community and experience the natural wonders of Lake Marion.

Your brand will benefit from:

- Affiliation with local service & global name recognition.
- Support of marginalized people.
- Promotion of environmental conservation and sportsmanship.

Let us help you create a partnership that maximizes impact & exposure.

“LVS offers forward-thinking businesses an impactful and compelling opportunity for sponsor partnerships grounded in results-driven approaches uniquely tailored to your corporate focus.”

Daniel J. Prohaska, CFRE
President & CEO
Lions Vision Services

The Urgent Need for Community And Conservation

This event is more than your average fishing tournament, it is a rare opportunity to inspire marginalized people in our communities with our natural resources and legacy of sportsmanship.

The sponsors who partner with us to underwrite this event make a unique investment in the quality of life, environmental stewardship, and recreational use of South Carolina's waterways.

Join our sponsor community today with a unique sponsorship arrangement that reflects your corporate goals, aligns with your brand, expands your reach, and enriches your community.

Quality of Life. Research emphasizes the connection between our quality of life and our sight, our community, and our environment. This event offers a unique and sought after combination of features that enhances quality of life for Lowcountry residents every year.

Community. We all need a sense of belonging and fellowship. For the blind and visually impaired, this community can be difficult to find. But once a year on the shores of Lake Marion, this event brings a community together that supports and encourages us all.

Conservation & Sportsmanship. South Carolina has a long and distinguished legacy of environmental conservation and sportsmanship, which are combined in the Santee Blind Fishing Event's use of our waterways, natural resources, and recreational fishing.
